

Understanding Special Education

- Are you an MSC, MSC Supervisor, family member of an individual with a developmental disability or a self-advocate?
- Do you understand the Special Education process?
- Would you like to get information and resources to help you through the process?

What is Special Education and where do you start? Participants will learn the steps in the Special Education process and learn what to expect at meetings of the Committee on Special Education (CSE) (Preschool - CPSE). Families will learn how to be an active part of the process and walk away with resources for the future.
